

## Hydraulic Valve Oil Conditioner | Hydraulic valve engine oil conditioner additive

### Property

- cleans the oil system
- releases hydraulic valve tappets and cleans sticky valve stems
- reduces noise on tappets

### Application area

- compatible with synthetic and mineral engine oils
- suitable for petrol and diesel engines with and without turbo, catalytic converters or particle filters (GPF/DPF)

### Dosage

- Add 1 x 375ml bottle to the engine oil (adequate for 3-6 litres). Add 6-10% for other volumes. Can remain in the system until the next oil change.

### Typical properties

Eigenschaft	Einheit	Wert
Color	-	amber

### Available packaging

375 mL bottle	Case 12 x 375 mL bottles
